

Expand your dining program with Grubhub's Flex Program

Capture student orders on and off campus with Grubhub's off-campus flex account program.

With Off Campus Flex you can:

Offer more variety

Allow your students to order from +300K Grubhub restaurants across the country.

Add a revenue stream

Generate additional revenue for your Campus Operations/ Dining Program by receiving a commission on each off-campus order

Increase student deposits

Get students excited about adding more funds to their Flex account, which could lead to more on-campus spending.

Capture student orders anywhere

Capture student orders with your University Flex Program whether students live on or off campus

Ban sales of restricted items

Ensure no restricted items, like alcohol, are sold through the platform

The ability to open the Grubhub app and order what they want using their PacificCash brings a lot of convenience to the student and a reach the off campus program has been missing.”
